

The James Fisher Memorial Foundation Announces the Inaugural Bay Creek Day of Giving

Benefitting the Northampton County Education Foundation, the event will take place on Oct. 21, with festivities including a charity golf tournament, silent auction, online matching campaign and evening benefit.

(Cape Charles, Va.) – The James Fisher Memorial Foundation, Preserve Communities’ charitable giving arm, will partner with the Northampton County Education Foundation to host the first annual Bay Creek Day of Giving on Thursday, Oct. 21.

The inaugural event will include a charity golf tournament on the Signature Palmer Course, raffle prizes, a silent auction and an Evening Benefit on the Preserve under Bay Creek’s iconic Tree of Life. All proceeds including entry fees and ticketing purchases from the event will go to the Northampton County Education Foundation. Furthermore, the James Fisher Memorial Foundation will match every dollar raised up to \$5,000 in an online matching campaign.

Northampton County Education Foundation provides teachers with much-needed support for projects in the classroom. The foundation also gives a platform for community members to share scholarships, volunteer opportunities and more. With funding being an even larger priority due to the pandemic and students returning to the classroom, there is a pressing need for assistance in this area.

“The Bay Creek Day of Giving embodies our foundation’s mission to enhance the well-being of those within the communities where we operate,” says Preserve Communities Vice President of Marketing Jennifer Buntin. “We have seen time and time again how the Bay Creek community comes together to help their neighbors in need, so we expect a great turnout for the event. After a difficult year and a half, we hope the proceeds from the event can support school children in a substantial way and become a community staple for years to come.”

Tickets for the golf tournament include entry into the Evening Benefit, which is highlighted by a “Taste of Cape Charles” menu, live music, silent auction and raffle of exclusive items including vacation packages and specialty experiences. Additionally, supporters who don’t golf can purchase tickets to attend the Evening Benefit only. Sponsorship packages are also available for businesses looking to support the worthy local cause and gain visibility for their brand.

For more information on all facets of the event and to purchase tickets, please visit the event page [here](#). Space is limited for both the golf tournament and Evening Benefit.

About Preserve Communities

Preserve Communities is the national leader in thoughtful real estate development and has over 30 years of proven success across a diverse portfolio of projects. Led by a seasoned team of professionals, the developer specializes in creating purposefully crafted communities that enhance the quality of life for residents. Preserve Communities developments are built to reflect their surroundings and take care to respect the long-term impact of development on the land and living experience. Learn more at www.preservecommunities.com.

About the James Fisher Memorial Foundation

In 2019, Preserve Communities' CEO and Founder Jack Fisher created the James Fisher Memorial Foundation, a non-profit organization within Preserve Communities, to honor his son's passions and further the company's commitment to community to foster healthy, thriving communities. The foundation's mission is to enhance the well-being of those within the communities where Preserve Communities operates through funding and the donation of land use. About The Northampton County Education Foundation

The Northampton County Education Foundation (NCEF) is a nonprofit 501(c)(3) organization founded in 2006 by community volunteers who were interested in supporting the county's public school system. They recognized the need to strategically direct the resources of stakeholders to the betterment of the schools. Thus, by building strong community partnerships NCEF has been able to launch highly leveraged programs that promote student performance and excellence in teaching.
